PET TAG
version 2

The Pet Discs let your favorite animals benefit from BodyAlign wellness technology

Nothing can be more heartbreaking than seeing the animal you love lethargic or in pain. To make matters worse, they can't tell you how badly they feel, but you can see it in every movement they make. The good news is that your pets can benefit from H3 Holographic technology just like the rest of your family.

Energy, Pain Relief and Detoxification

The Pet Tag brings the combined benefits of the BodyAlign ActionDisc, Relief Disc and Purify Disc directly to your pets at a lower strength. When you attach a Pet Tag to your pet's collar or put it on their cage, you'll be surprised how quickly you see bounce and vitality returning to your favorite friend. It works for all animals from the smallest to the largest and has been shown to be effective with dogs, cats, horses, birds and many other animals. It's 100% drugfree.

And now, Version 2 provides protection against fleas and ticks.

What Our Customers Say

"Prissy had been having seizures and was on anti-seizure meds which came with negative side effects. She began wearing her Pet Tag about three weeks. She was immediately able to come off the anti-seizure meds that she was taking daily. She has remained seizure-free and has had lots of energy. Her appetite is hearty. She is back to my sweet Prissy! Thank you so much for introducing me to this phenomenal Pet Tag. It really works!" -Janet Berthelot

"My dog had radical surgery to remove a cancerous tumor from her neck... I applied a Relief Disc to one of her dog tags and was amazed that within a half hour she was feeling better." [remember Relief is in the PetTag] -Joy Pecchia
