

Network Marketing Lets You Win

What Is Network Marketing

Network Marketing is one of the fastest growing business models of the past few decades. It's a way to distribute products that allows people like you to earn commissions from products you and the teams you build sell. In 2010 over 58% of Americans bought products from network marketing distributors.

What Our Distributors Say

Kay Heizer

"I've been in MLM 35 years and I was amazed at the income when I started sponsoring in BodyAlign. I kept getting weekly checks, then a significant monthly check that I forgot I would get. NICE surprise. I especially like the policy of sending out checks for autoship volume each week. No having to wait until the 15th of next month for volume created this week like other companies do. THANK YOU STEVE!"

Paul Jolie

"I just wanted to thank Steve and BodyAlign for putting together the simplest, most straight forward compensation program I have ever seen in network marketing. Match this with the transparency of the company committed to giving back 60% of all revenues to the distributors; BodyAlign is certainly unique in all of Network Marketing. My team loves the fact that we can explain the compensation plan on a 'napkin', and we don't have to worry about where to 'place people'. Combine the plan with outstanding leadership, truly unique products that work... it makes BodyAlign a true winner for the long haul."

Your Unique BodyAlign Home Business Opportunity

It Starts With Commissions

Body Align is the ideal way to create part-time income or a full time career. It all starts with the guarantee that it 60% of all product revenue ends up in the pockets of its distributors. That's extraordinary in the Network Marketing industry. Many companies claim to pay out a lot, but only a fraction of what they claim actually goes out as payments to distributors. BodyAlign backs up its guarantee by letting you see its annual tax returns.

Easy To Earn

Body Align makes earning easy. It never puts complicated qualification requirements in your way. The day you become part of the BodyAlign family, you can begin earning in all the following ways.

• Retail Sales

You earn 100% of the difference between retail and wholesale prices on every product you sell retail.

• Infinite Fast Starts

You earn a hefty 30% commission every time you bring someone into your sales team and they buy an Initial Product Kit to help them start their home business. Plus, you earn when anyone on your Team enrolls people too.

• Residuals And Overrides

It's not just about you... it's about your whole Team. You make a residual commission on everything they buy and sell. That's real leverage to make your home business a success.

• Bonuses And Prizes

Every single month, BodyAlign offers special bonuses and prizes to top performing distributors.
